

*REMARKS/ARGUMENTS*

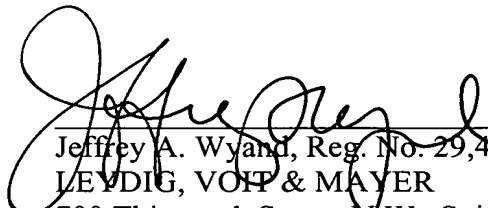

In response to the Office Action mailed June 29, 2005, Applicant amends his application and requests reconsideration. In this Amendment non-elected claims 20-27 are cancelled leaving claims 1 and 3-19 pending.

Claims 1 and 3-19 were rejected for double patenting of the obviousness type over the claims of U.S. Patent 6,723,296, the parent patent application. The present patent application is a division of that parent patent application. This rejection can be overcome by the filing of a Terminal Disclaimer. Attached to this Amendment are an assignment of the present patent application to the owner of U.S. Patent 6,723,296, and a Terminal Disclaimer. These documents overcome the double patenting rejection.

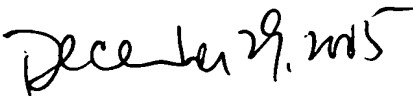

Claims 1 and 3-19 were rejected as indefinite. The claims have been carefully reviewed and amendments are made to improve the form of the claims and to overcome the rejection as to form. Reconsideration and withdrawal of the rejection are earnestly solicited.

Since this Amendment places the application in form for allowance, prompt issuance of a Notice of Allowance is earnestly solicited.

Respectfully submitted,
